## RESUME OF EDMUND A. MILNE

Edmund A. Milne was born at Eugene, Oregon, in 1927, and attended Oregon State College at Corvallis, Oregon, where he majored in physics and minored in mathematics. He received the degree of Bachelor of Arts in June, 1949.

Graduate Study followed at the California Institute of Technology at Pasadena, California, where he received the degree of Master of Science in June, 1950, and the degree of Doctor of Philosophy in June, 1953. His research was done under the direction of Professor William A. Fowler in the field of Nuclear Physics.

The year following graduation, he was employed by California Institute of Technology at Pasadena, California, where he did research in Nuclear Physics.

Since July, 1954, he has been employed at the U.S. Naval Postgraduate School at Monterey, California. At present, he is employed as an Associate Professor in the Physics Department.

His current research is concerned with optical transmission in the atmosphere.

He is a member of the American Optical Society, Sigma Xi.
